A Statement of Boarding Principles

Boarding at the Durham Cathedral Schools Foundation aims to provide a safe, supportive challenging and stimulating environment in which boarders can thrive and be happy, boarding is overseen by the Assistant Head (Boarding), Senior Housemasters and Housemistresses, boarding staff, resident tutors and ancillary staff according to the Schools policies and procedures.

Boarders and parents and guardians of boarders are encouraged to maintain regular contact with boarding staff and report any concerns promptly and without fear to an appropriate member of staff.

Boarders' views are sought via House and School Councils to identify areas of concern and opportunities for development in order to continuously evaluate and improve the range and quality of boarding provision.
